Attention flippers, investors, and fearless DIYers! This 4-bed, 1.5-bath fixer-upper is your golden ticket. Sure, it needs a full rehab, but let's be honest - that's why you're here. You don't want someone else's boring granite countertops; you want a blank canvas with character (and by character, we mean a ceiling that introduces itself before you do). With a spacious layout, original hardwood floors, and a full basement laundry zone, this house is just begging to shine again. AS-IS, because we believe in transparency and so do the missing ceilings.
